Berry Hill Weekly Buzz

Week Ending April 1, 2016

Third Grade Magnificent Mathematicians

Third Grade Magnificent Mathematicians have been very busy being detectives by solving the area and perimeter of polygons. Students used geo-boards to create various polygons to measure the perimeter. Third graders solved real world problems involving perimeters of polygons, including finding the perimeter given the side lengths; finding an unknown side length; and exhibiting rectangles with the same perimeter and different areas or with the same area and different perimeters.

Berry Hill Student Council Visits Atria Assisted Living

Berry Hill Student Council visited the Atria Assisted Living in Huntington on Thursday, March 17, 2016. Students entertained the residents with a Talent Show as well as invited them to participate in a sing-a-long. They also presented each resident with a "Smile in a Bag" that was provided by the Berry Hill PTA's Snacks for Seniors Community Service Program in which second and third grade students decorated bags and filled them with packaged snacks. Thank you to Student Council Advisors, Mrs. Courtney Orphanos and Mrs. Kimberly Neri, for arranging this special visit.

Have a wonderful weekend!
Sincerely,

Mrs. Joanne Mannion, Principal
