Math is "Everyday" in Kindergarten

Berry Hill kindergarteners kicked off their *Everyday Mathematics Program*. Kindergarteners enjoyed discovering the many ways that they interact with math throughout the day. They learned many new math vocabulary words while engaging in hands-on activities. Kindergarteners used a variety of math manipulatives, in addition to daily calendar routines, to develop a deeper understanding of new math concepts and skills. Our Berry Hill kindergarteners look forward to counting up to the 100th Day of School and participating in math activities "everyday" in the coming months.
