## 2<sup>nd</sup> Grade Attends the Long Island Fair at Old Bethpage Village Restoration Monday, September 30, 2013

The second graders attended the Long Island Fair at the Old Bethpage Restoration Village on September 30, 2013. The fair was set in the late 1900's and includes games and activities of that time.

The students experience will enrich their upcoming reading of Charlotte's Web which includes a state fair and bring to life their study of Communities.

The students really enjoyed an old fashioned magician, jugglers, races, animal show, puppet show and a Rough Riders demonstration led by Teddy Roosevelt. Several of the students and even Mr. Duguid were participants in the events.
