

Baylis Blast

Morning Mentoring

With Dr. Wood, Mr. Schanars, Mrs. Temple & Mrs. Battaglia

Since December a group of Baylis 5th grade students have been volunteering their time every Monday morning to be mentors to a group of younger students. These mentoring sessions are designed to help children further develop their skills in the areas of cooperative play, communication and self-confidence. The younger students in this program benefit from the guidance of the older children, as well as the friendships they form with one another. This is a great group of students and we are so lucky to have them as the Baylis Mentors!
