## Berry Hill Weekly Buzz

May 1, 2015

During April, Fantastic Fourth Graders learned how to utilize Microsoft Excel during their Library-Computer Classes. The students began by creating a tally of the month of the year of their classmates' birthdays. Students input the data into a table on a spreadsheet and then created a bar graph. Fourth graders learned how to make their presentations more attractive by changing fonts and colors as well as inserting pictures and a large title box.
