Total Positive Cases:		76	27	16	21	12

If any individuals have been deemed "close contacts" of these cases through the school, they have already been notified by the District. Anyone not directly notified can conclude their child was not deemed a potential close contact by way of the school.

As always, staff members and parents should continue to closely monitor for any COVID-19 related symptoms as listed on [the CDC website](#). If you or your child is exhibiting any of these symptoms, please contact your healthcare provider immediately.

If you or your child has tested positive for COVID-19, or have had close contact with a person testing positive for COVID-19, please contact the [Report COVID Hotline](#) as soon as possible.
