Syosset, New York

**Middle School Summer Reading**

Dear Students:

With summertime approaching, we want to ensure that the vacation is a wonderful, restful and interesting time. Of course, we think that reading should play an important role. Like any other skill, reading must be practiced. To help you select the titles that would best satisfy your interests, we've created a list of possible reading selections.

[Summer Reading List](#)

It is important to note that this is merely a suggested reading list - a starting point to get you thinking about what titles you may enjoy. If nothing on the list seems to grab you, please visit your local library or bookstore and take some time to browse around. For your convenience, this list is now posted on the school website.

[HB Thompson Middle School / Homepage](#)

Remember, it's important to give some thought as to what genre you are interested in and/or if there is a particular author whose books you have enjoyed. Perhaps you could even ask a friend for their personal suggestions.

The main idea, whether you choose a novel from the list or discover one on your own, is to select a book that you will enjoy so that your summer reading experience can be a positive one. We hope you have a happy and healthy summer. If you have any questions, please see your English teacher or the school librarian before the end of the school year. Happy reading!

Sincerely,

Your Middle School English Teachers  
and  
Library Media Specialists
