Beth Waschitz

The High School Program

Syosset High School, grades 9 through 12, offers a broad variety of subjects including Advanced Placement courses in all major academic areas and computer science, Regents level courses, and programs for students with disabilities. Syosset High School also provides varied learning experiences through math, science and social studies research programs, electives in the humanities, interdisciplinary education, academic and community-based independent study, internships and cooperative work-study in business.

A professional staff of 280 members serves a population of approximately 2,450. The co-curricular program includes musical performing groups, publications, service and subject area clubs, and nearly 100 athletic teams. Syosset High School has an FM radio station, a podcasting lab, and a video production studio.

Class Rank

The Syosset Central School District Board of Education has adopted a policy of not ranking students on cumulative average relative to their classmates. The highest GPA possible is 100. Honors and Advanced Placement Courses are given an additional half point on the final grade of each course taken.

Syosset Schools ... Where Futures Grow
