

8520 FREE AND REDUCED PRICE FOOD SERVICES

The Board of Education recognizes that the nutrition of School District students is an important factor in their educational progress. The Board of Education therefore shall participate in federally funded school food and milk programs as feasible, and shall provide free or reduced price food and milk services to qualified School District students. All records concerning federally funded school food and milk programs will be maintained in a separate and distinct manner.

Notice of the availability of the free and reduced price meal programs will be sent to the homes of students, local media, the local unemployment office and large employers experiencing layoffs in the area from which the School District draws its attendance. Any child who is a member of a family unit whose income is below the federally established scale shall be eligible to receive such services.

To apply for the free or reduced meal program:

- a. Application forms will be available on the School District's website and can be completed and submitted at any time during the year. Information will be provided to parents/guardians of all students prior to the start of each school year and upon enrollment in the District. Such information will include a plain summary explanation of the electronic meal application process and instructions for how parents or guardians may request a paper application at no cost.
- b. Completed forms must be submitted to the Child Nutrition Office of the school which the student attends prior to any determination of eligibility.
- c. The parent or guardian will be informed of the determination by the Child Nutrition Office within one (1) week of receiving a properly completed application.
- d. If a school or school district becomes aware that a student who has not submitted a meal application is eligible for free or reduced-fee meals, the school or school district shall complete and file an application for the student pursuant to determining eligibility for free and reduced price meals and free milk in schools.
- e. The School District's homeless liaison(s) shall coordinate with the nutrition department to make sure that homeless, foster, and migrant students receive free school meals, in accordance with federal law.

In the event a student owes money for five or more meals in accordance with the School District's Charging School Meals Policy, the School District shall:

- a. make every attempt to determine if a student is directly certified to be eligible for free meals;
- b. make at least two attempts, not including the application or instructions included in a school enrollment packet, to reach the student's parent or guardian and have the parent or guardian fill out a meal application; and
- c. require a school or school district to contact the parent or guardian to offer assistance with a meal application, determine if there are other issues within the household that have caused the child to have insufficient funds to purchase a school meal and offer any other assistance that is appropriate.

Applications will be kept confidential. Upon written request the Superintendent of Schools or his/her designee will hear appeals of determinations regarding such services in compliance with federal regulations governing the National School Lunch Program.

In addition, in order to reach students who are eligible for free and reduced price meals and to comply with state law, three times per school year the Business Office will review the list made available by the State Education Department of children ages three (3) to eighteen (18) who are in households receiving federal food assistance or Temporary Assistance for Needy Families (TANF) and Medicare

to identify students within the School District. The School District will send a notice to those families apprising them of their student's eligibility to participate in the school meal programs without further application. Parents may decline participation by informing the School District in writing. If the Service is declined, the student will be removed from eligibility list.

Children in Head Start, or who have been determined to be homeless, migrant or runaway, or in foster care can be directly certified to participate in the School District free and reduced price meal program. The Superintendent of Schools or his/her designee will develop implementing regulation. The Building Principal, in conjunction with the School District's food service management company, will establish meal time procedures that both protect the anonymity of the student and allow for proper accounting.

In the event seventy percent (70%) or more of students enrolled in a school of the District are eligible for free or reduced price meals, that school shall offer all students in attendance at the school a school breakfast after the instructional day has begun, in accordance with the law and Commissioner's Regulations. In addition, the school will provide notice to each student's parents or guardians that the school will be offering free school breakfast after the instructional day has begun. The New York State Education Department will annually publish a list of all schools meeting this requirement.
